

# Muhammad Ismail Khan Effendi

## Data Scientist

Data Scientist with over 1 year of experience. Proven track record of using machine learning techniques to drive business value. Proficient in using a variety of tools and technologies to extract insights and knowledge from data, as well as Python programming language. Effective communicator and thrive in collaborative environments. Excited to join a team and bring my skills and experience to a new role as a Data Scientist or Artificial Intelligence Engineer, where I can continue to grow and make a meaningful impact.
